Reasons for Allowance

Claims 1-20 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: the best prior art of record, Masleid et al., taken alone or in combination of other references, does not teach or fairly suggest a flip-flop comprising, among other things, a gate circuit having a plurality of inputs coupled to an intermediate node pair and a clock signal; a stack circuit coupled to the gate circuit output and a data input of the flip-flop; and a keeper circuit coupled to the intermediate node pair, as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
